M2O™ ARCHITECTURAL

Manufacturer With Over 35 Years' Experience

Since 1989, PQL, a U.S.-based company, has specialized in innovative, eco-friendly lighting across various sectors like commercial, industrial, institutional, and healthcare markets. Recently, architectural lighting has seen significant evolution, prompting PQL to introduce the M2O™ Architectural lineup. These top-quality luminaires are fully customizable for each project's unique needs. Our Architectural line caters to lighting professionals, offering diverse options, precise controls, and solutions meeting industry standards. With our dedicated product development team constantly innovating, our architectural luminaires provide flexibility for precise adjustments to fit your project's specifications.

CHARITIES **WE SUPPORT**

PQL Supports Casa Pacifica

For over 8 years PQL has supported Casa Pacifica during the holiday season. Casa Pacifica offers adolescent and family services to treat victims of abuse and neglect, substance abuse, homelessness, and other mental health issues. They have 3 campuses located in Camarillo, Santa Barbara, and Santa Maria and work with more than 2,000 of the most vulnerable children and their families annually.

During their holiday toy drive, each of the campus children wish for a total of five presents for their holiday gifts – 3 “needs” and 2 “wants” Typically, the needs are items like clothing, bedding, special hygiene products, and toiletries. Their wants are generally fun items such as shoes, makeup, toys, or gift cards. PQL has donated over 400 gifts to Casa Pacifica year to date.

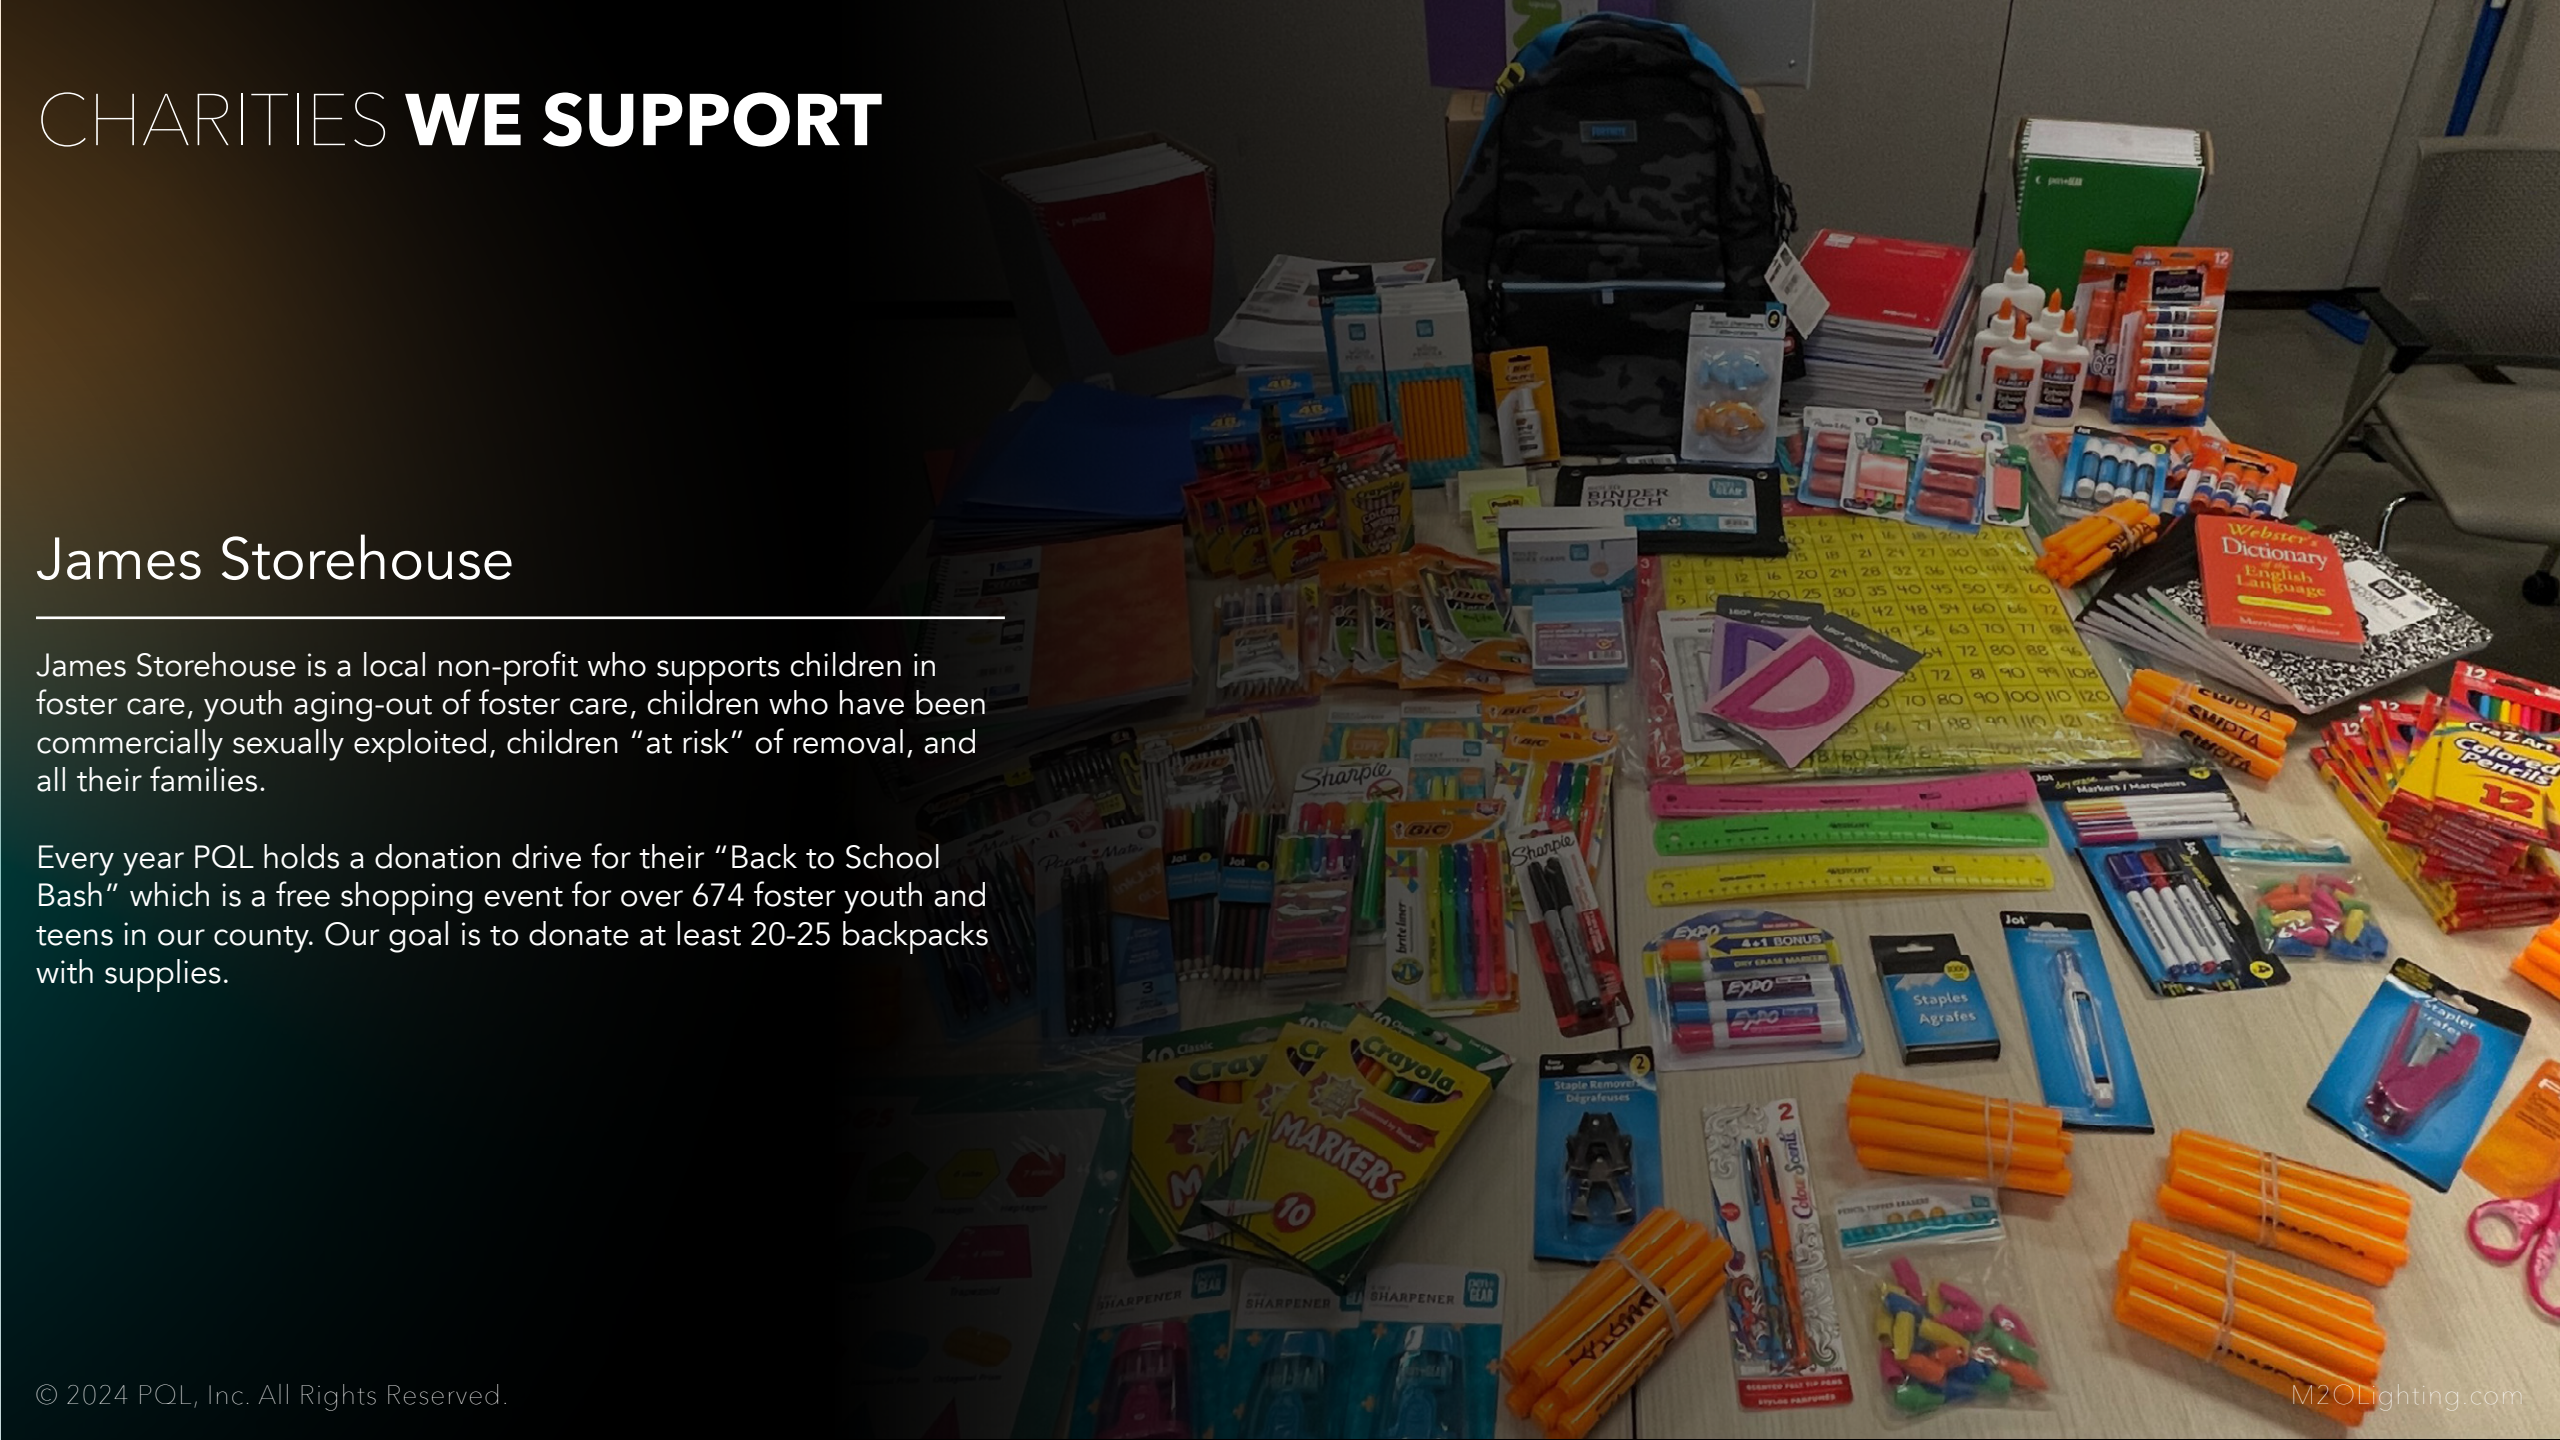
CHARITIES **WE SUPPORT**



James Storehouse

James Storehouse is a local non-profit who supports children in foster care, youth aging-out of foster care, children who have been commercially sexually exploited, children "at risk" of removal, and all their families.

Every year PQL holds a donation drive for their "Back to School Bash" which is a free shopping event for over 674 foster youth and teens in our county. Our goal is to donate at least 20-25 backpacks with supplies.
